SIZE:.....140' W x 240' L (33,600 SQ. FT.)
FEATURES:.....TRANSLUCENT FABRIC FACILITATES NATURAL DAYTIME LIGHT
ACCOMMODATES A VARIETY OF SPORTS APPLICATIONS
LARGE, OPEN-SPAN SPACE

CHALLENGE

- Create a comfortable indoor space that can accommodate a variety of sports. as part of a community-oriented activity center in Crown Point, IN.

SOLUTION

- Arizon designed, manufactured and installed a climate-controlled air supported building that provides unobstructed, open-span space for baseball, softball, football, golf and soccer.
- The dome features translucent fabric to take advantage of natural daytime light, a vehicle airlock to allow large equipment and bleachers into the facility and an energy-efficient HVAC system.

RESULT

- Crown Point Family Fun Center now has an indoor venue available to athletic organizations, local schools, community groups, families, birthday parties, recreational organizations, etc.
- This cost-effective facility solution adds tremendous value to the overall business, which also offers a number of outdoor activities like mini golf and go-karting.
- The energy-efficient design keeps operational costs low, while serving as an exciting all-seasons attraction at Crown Point Family Fun Center.
