

BUILDING ATTACHMENTS MEDIA CAMERA STATIONS

MEDIA CAMERA STATIONS

MEDIA CAMERA STATIONS

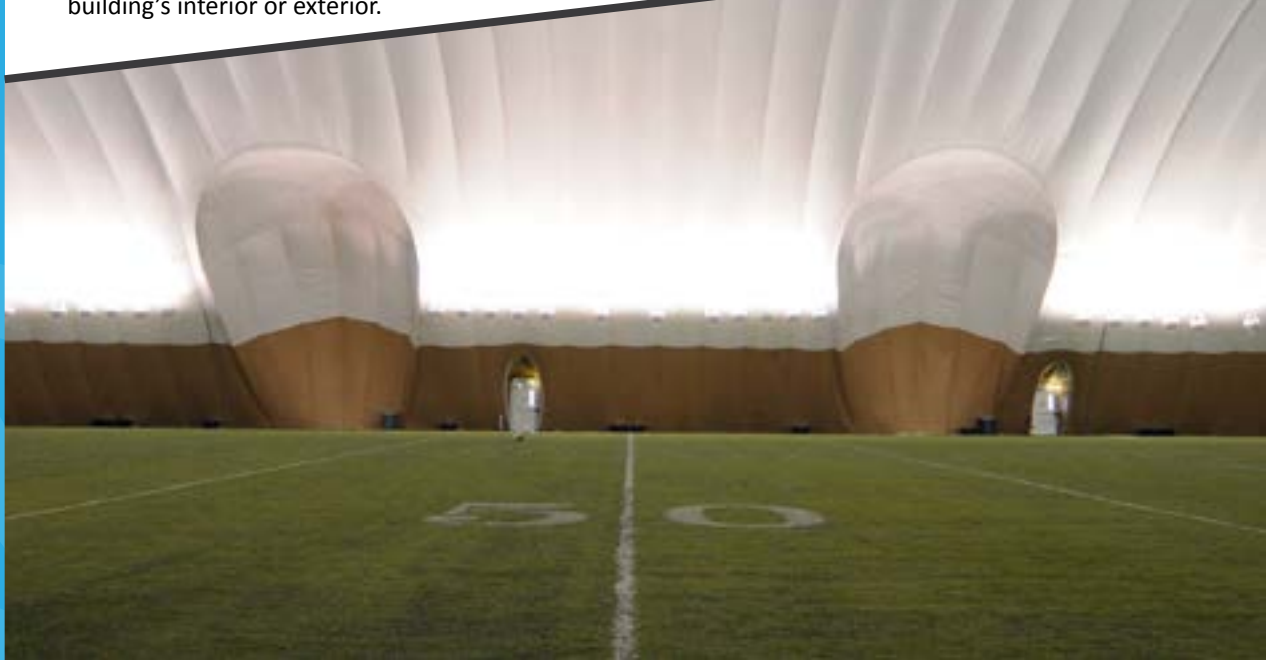

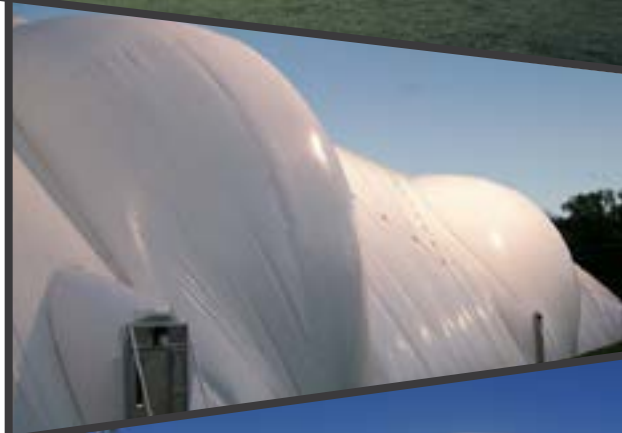

Record games, tournaments, and practices for broadcast or review without sacrificing field space for recording equipment with Arizon Media Camera Stations. Media camera stations are built directly into the fabric sidewalls to provide extra room for equipment, lighting and personnel.

FEATURES

- Media camera stations are custom-designed and factory installed, ready to go upon the building's initial inflation.
- Stations provide additional height so that tall camera equipment and lighting can be used.
- Camera stations are manufactured using the same exterior fabric and liner material as the rest of the structure.

BENEFITS

- Provides extra room for equipment, lighting and personnel without sacrificing field space or usable sideline space.
- Discreet; will not blemish the aesthetics of the building's interior or exterior.
