### ELEVATED TENNIS PROGRAMS

James Madison University needed a tennis training facility that would support their men's and women's tennis programs no matter what the weather. Arizon Building Systems manufactured and installed a seasonal air-supported structure, so now the student athletes have a dedicated, indoor space on the campus for training and development.

**"THIS HAS POSITIVELY IMPACTED OUR STUDENT-ATHLETES, THEY CAN NOW TRAIN WHEN THEY COULDN'T IN THE PAST. WE WENT FROM HAVING NO CONTROL OVER INDOOR ACCESS TO HAVING THREE COURTS THAT WE CONTROL SO THAT, IN ITSELF, HAS BEEN A GAME-CHANGER FOR OUR MEN'S AND WOMEN'S TENNIS VARSITY PROGRAMS. OUR ATHLETES HAVE BETTER OPPORTUNITIES TO SCHEDULE THEIR CLASSES AND THEN PRACTICE THE GAME THEY LOVE. OVERALL, THE DOME MAKES OUR PROGRAM MUCH STRONGER."**
